

THE **NEED** FOR SPACE

Cleveland lost its one remaining LGBTQ club in 2017 and with it, an important safe space for the LGBTQ community to congregate. A larger venue for drag performances, events, and dancing can raise the profile of LGBTQ art and culture in Cleveland. This provides a focal point around which the LGBTQ community can aggregate resources and raise funds to support LGBTQ businesses and philanthropy.

THE **NEED** FOR SERVICES

Providing affordable space for the LGBTQ Community in one walkable neighborhood will generate new opportunities to support local LGBTQ business owners, entrepreneurs, and non-profits. New services will be additive and will span the gamut from health services, housing opportunities for LGBTQ youth, and an LGBTQ friendly co-working space and new podcast studio.
